

PRACTICAL PHILANTHROPY ACROSS EUROPE

4TH ANNUAL KBFUS ALUMNI-PPE CONFERENCE | 18 MAY 2018
ZACHĘTA – NATIONAL GALLERY OF ART, WARSAW, POLAND

A New Need for Solidarity

Those of us privileged to call ourselves alumni of the King Baudouin Foundation US Conference have been meeting every year since 2015 to share our challenges, opportunities and successes. At our previous conference at the Institut des Hautes Études Scientifiques in Paris in 2017, we created our own association called *Practical Philanthropy across Europe* (PPE) that brings us together as the leaders in philanthropy across Europe. All of us have the inspirational responsibility to help make the world a better place owing to our activities in strengthening the work of Culture, Science and Education in Europe. At this time of growing uncertainty, there is a need for a new solidarity for those of us who believe in the role of culture, science and education to guide the world to a kinder and more positive place.

This year we gather in Warsaw at Zachęta – National Gallery of Art, where we will learn from experts and each other, at our 4th Annual KBFUS-PPE Conference. We hope that you will join us at Conference so that we might have the benefit of your views and insights, and leave with a new sense of solidarity about the value of our endeavours.

Below you will find the Conference Programme, information regarding the venue, payment details and discounted accommodation. The Organising Committee looks forward to welcoming you to Warsaw!

Generously supported by:

The Museum of Modern Art in Warsaw is a public cultural institution brought into being by the ordinance from April 6, 2005, issued by the Minister of Culture and National Heritage. It is currently in the process of building its destination quarters, whose erection on the northern side of the Parade Square (in front of the Palace of Culture and Science) has already been planned. The Society supports this goal, as well as educational activities and acquisitions to the collection.
